

pctv HD Stick

Enjoy live HD or SD TV on your PC anytime, anywhere!

Top 3 Bullets:

- Instantly turn your PC into a personal digital video recorder
- Record your favorite shows to your hard drive or direct-to-DVD
- **Limited Time Offer:** Free mini antenna included

Product Overview

PCTV HD Stick is an ultra-compact USB 2.0 powered TV tuner in an attractive stick form factor that brings the brilliant sharpness of digital HDTV to your PC. The new generation of PCTV HD Stick supports free digital HD and SD TV over-the-air (ATSC) and now also via cable (ClearQAM). In addition to digital TV, standard analog TV (NTSC) can be received via cable or antenna. The included TVCenter Pro software lets you not only watch TV, but also record it. You can even pause, rewind or fast forward your favorite TV shows. Good looks, great features and minimum size, will make the PCTV HD Stick a must have wherever you are. The sleek USB 2.0

device is so compact that you can really take it wherever you go with your laptop and always have high quality HD TV with you. Now with further improved performance in an even smaller form factor!

Next Generation Features

- Supports digital cable TV (ClearQAM)
- Improved reception
- Ultra compact design that won't block neighboring USB ports

Positioning

PCTV HD Stick provides everything you need to turn your PC into a digital TV with fully functional DVR. You can actually view and record over-the-air HD content for free. If you have cable TV at home: get the best out of it and receive the available digital HD channels on your PC, at no additional cost. All of this power is available in an elegantly designed form factor with a size similar to a standard USB flash memory stick. The fun does not end here, as the PCTV HD Stick also supports analog TV (cable or antenna).

If you have a Windows Media Center equipped laptop or PC (Windows Vista Home Premium / Ultimate or Windows XP MCE), don't worry, the PCTV HD Stick is fully compatible with Windows Media Center (for analog TV and ATSC). This qualified combination provides everything from watching live TV to all of the great features of a fully functional digital video recorder (DVR) with free integrated Electronic Program Guide (EPG). This includes pausing and automatically recording all of your favorite shows in the familiar and friendly MCE environment. The PCTV HD Stick is a must have for anyone that wants to get a taste of HD quality content for a fraction of the price of an HD TV set. It is also an attractive solution for the majority of Windows Vista / XP MCE owners who did not purchase a TV tuner with their systems. **Introductory offer:** free mini antenna included.

Key Features

- Watch SD and free HD TV on your PC - no service fees
- Ultra-sensitive reception of both analog and digital TV signals
- **New:** supports both digital over-the-air (ATSC¹) and unencrypted digital cable (ClearQAM²) HDTV
- Stereo sound for digital TV
- Turns your PC into a PVR with TimeShifting: pause, rewind TV
- Electronic Programming Guide
- Compatible with Windows[®] Media Center³
- (Windows Vista™ and XP MCE; remote kit sold separately)
- **Bonus:** VideoSpin editing software
- Automatically record shows to your hard drive or direct-to-DVD

¹ ATSC, the new digital broadcast standard, is now available in many areas of the United States. In regions or rooms where the signal is not strong, an amplified rooftop antenna will be required. It is generally not possible to receive an ATSC signal while en route (e.g. in a car or train). Please consult with your local reseller or go to www.antennaweb.org for more information on areas covered and optimizing your reception.

² Unencrypted digital TV (ClearQAM) can be received with a standard cable TV connection at no additional fees. The reception of encrypted digital premium channels is not supported.

³ For analog TV and digital over-the-air (ATSC) TV.
