### Watch live TV on your notebook or desktop PC

Watch HDTV channels with Dolby Digital audio and up to 1080i resolution.

Watch analog TV by connecting to cable TV.

View in full screen or in a window.

Portable digital antenna included.

### Record your favorite TV programs

Record analog or digital TV shows to your computer's hard drive with one click.

Use WinTV-Scheduler as a personal video recorder to record your TV shows daily, weekly, or only once.

### Supports the following formats: NTSC Analog TV and ATSC HD TV

Includes a combination 125 channel cable-ready TV tuner and digital HDTV tuner.

Compatible with Windows Vista, Windows XP, and Windows Media Center.

### TV Standards:

**NTSC** is the analog cable TV standard.

**ATSC** is the over-the-air digital HDTV standard for North America and typically requires an antenna for reception.

**Analog TV** recordings typically consume 1.5GB of disk space per hour. High Definition ATSC TV recordings typically consume 5GB per hour.
