- Sound card or on board sound
- CD-ROM drive (for Software installation)
- Digital Terrestrial aerial*

WinTV-NOVA-TD-500, the dual digital DVB-T receiver for your PC! A highly sensitive dual DVB-T receiver, it connects a digital TV aerial to the WinTV-NOVA-TD-500, and you can watch and record DVB-T Digital TV on your PC, in a window or full screen. With dual digital tuners, you can record one digital TV channel while watching another. Or even record two digital TV programmes at once!

Better digital TV reception. We include the latest in highly sensitive digital TV tuners, so you can get the best TV reception on your PC. And you only need to make one antenna connection for both built-in digital TV receivers.

Sharper pictures and near CD quality sound with digital terrestrial TV. WinTV-NOVA-TD-500 adds great features to your TV viewing: dual digital TV receivers, excellent digital video quality, automatic identification of channel names plus records digital TV programmes to your PC's hard disk in an MPEG-2 or MPEG-4 HD format without losing quality.

WinTV-NOVA-TD-500, your personal high performance Digital Video Recorder. Schedule two simultaneous TV recordings with the WinTV-Scheduler, and play them back in full original digital quality at any time.

WinTV-NOVA-TD-500 recordings are compatible with Hauppauge's MediaMVP™. Record TV shows onto your PC with WinTV-NOVA-TD-500, and then watch them in your living room on your TV set with MediaMVP!
